

GD

...the integrated training centre for
Mechanical Engineers

Offers job oriented Short term Course in

creo

...the industry standard for 3D CAD

Creo CAD

- ✦ Fundamentals
- ✦ Part modeling
- ✦ Types of features
- ✦ Creation of features
- ✦ Modifying features
- ✦ Assembly modeling
- ✦ Surface modeling
- ✦ Drafting & Layout
- ✦ Sheet metal design
- ✦ Project work

Duration : Full Time (4 Weeks)
Part Time (6 Weeks)

Creo Mold

- ✦ Introduction to Mold design
- ✦ Mold Project setup
- ✦ Mold volume creation
- ✦ Parting surface creation
- ✦ Core-cavity splitting
- ✦ Moldbase layout
- ✦ Runner, Gate and cooling
- ✦ BOM and Assembly

Duration : Full Time (2 Weeks)
Part Time (4 Weeks)

Creo Advanced

- ✦ Warp
- ✦ Toroidal Bend
- ✦ Curve from equation
- ✦ ISDX
- ✦ Top down assembly
- ✦ Animation
- ✦ Mechanism

Duration : Full Time (2 Weeks)
Part Time (4 Weeks)

Unique Features :

- ✦ Trained faculty
- ✦ Authorised training using educational licences.
